

Thanks to the Postal Transportation Service Hope now has prompt delivery of newspaper mail to Lewisville for the first time in this writer's experience.

All local mail consigned to Lewisville has to move west through the Texarkana mail terminal, then east on either the Cotton Belt railroad or a bus. For the 21 years this writer has been publishing The Star we have had nothing but grief in trying to maintain circulation on the Lewisville route, mail system reaching north to our county line, all because newspaper mail would get tied up in the Texarkana terminal and miss the only train connection which could get the papers to Lewisville in time for RFD distribution the morning after publication.

So our RFD subscribers in northern LaFayette county wouldn't get a paper this morning, but in all probability would receive two issues tomorrow morning. This sort of thing could be explained to the subscriber as no fault of the newspaper, of course, but explanations don't help circulation when a daily paper is delivered on an every-other-day schedule.

We have had this problem up with Hope Postmaster Robert M. Wilson for years, and the Hope office has repeatedly called the government's attention to the strange case of county-seat towns only 24 miles distant but 48 hours apart as far as second-class mail is concerned.

But I am happy to report that between Postmaster Wilson and the Postal Transportation System's Texarkana office the trouble has been corrected this month.

Beginning April 1 a special mail route was set up by Greyhound bus leaving Texarkana at 6:37 o'clock each morning and arriving in Lewisville early enough to guarantee connection with all RFD mail carriers. This is known as Brinkley & Texarkana Trip 4b.

We knew about this extra service earlier in the month, of course, but couldn't announce it as applying to newspapers until now because only today we got confirmation that newspapers would be included in a schedule originally designed to expedite first-class mail.

We had this confirmation in a letter dated April 27 from H. W. Newbold, district superintendent of Postal Transportation Service, Texarkana, to Hope Postmaster Wilson.

Our thanks to both of them, and The Star will do its level best to extend circulation through the northern townships of LaFayette county — where prompt delivery of a Hope daily paper the next morning is now physically possible.

## Child Welfare Subject of Auxiliary Meet

Mrs. Alice Funston, American Legion Child Welfare Director of Little Rock, was guest speaker at the joint meeting of the American Legion and Auxiliary Tuesday night at the Legion Hut in the Old Elks Building.

Mrs. Funston illustrated the work of the Child Welfare Department of the American Legion with a number of personal contact stories. She said the outstanding feature of the work is the fact that the Legion is in position to furnish immediate relief in emergency cases of veterans and their families and often take over cases until permanent relief can be established which in many cases is several months.

Mrs. E. P. O'Neal, president of the Auxiliary, conducted the regular routine of business. Mrs. Joe Jones, Child Welfare Chairman of the Hope Unit, introduced Mr. Fred Robertson, District Commander. Who in turn introduced the guest speaker, Mrs. Funston. Teddy Jones, post commander, introduced his officers.

## Only One City Election Is Necessary

Two more filed for alderman posts in the forthcoming city election prior to the Wednesday noon deadline but no more than two candidates in any race eliminates the necessity of but one election.

Fred Robertson will oppose incumbent C. W. Tarpley as alderman for Ward One and Fred Johnson will oppose incumbent Howard Byers in Ward Two.

Judge W. K. Lemley drew John Vesey as his opposition in the judge's race.

Without opposition were Treasurer Charles Reynerson, Alderman Jesse Brown of Ward 3 and H. C. Murphy of Ward 4 and Mayor John L. Wilson.

**SAILING CANCELLED**  
LE HABRE, France — A general strike of French Line officers canceled the scheduled sailing for America today of the Ile de France.

## City Workman Electrocuted by Fallen Wire

A City Street Department worker Thomas Noel Guilliams, about 37, was electrocuted about 8:30 a.m. today when he picked up a broken limb and came in contact with a live wire. The incident occurred in the 500 block of North Hervey Street.

Death was believed to be almost instantly. Guilliams was working with Joe Watson in clearing debris and branches from trees off of the street.

Apparently he picked up a limb which was tangled with the electric wire and in trying to throw the branch on the truck the wire came loose and wound around his neck.

Across the street Mrs. Dale Wilson witnessed the whole thing. Mrs. Wilson said Watson who was in the truck yelled for help and she told him not to touch the fallen man and ran into her home and called the ambulance and the Water and Light plant to cut off the electricity.

Mrs. Wilson ran back out with a couple of brooms and she and Watson tried to get Guilliams loose. "It was the most awful thing I have ever witnessed and I know he died almost instantly," Mrs. Wilson said.

A Herndon-Cornelius ambulance took him to a local hospital where all efforts to revive him failed.

Mr. Guilliams had been employed by the City of Hope for the past seven years.

He is survived by his wife, his mother, Mrs. Bob Guilliams, one brother, Harley of Hope, five sisters, Mrs. Jewell Kitchens of Hope, Mrs. Luther White of Hooks, Texas, Mrs. Emmett Fitchwater of El Dorado, Kansas, Mrs. Almon Brown of Hope and Mrs. Troy Wilson of Little Rock.

Funeral arrangements are incomplete.

## Storm Hits Texas Leaving Nine Dead

DALLAS (AP) — A wild storm front thundered out of Texas today, leaving nine dead and uncounted damage from tornadoes, lightning and pounding rain.

The quail line growled goodbye with thunder showers in extreme East Texas. Dust drew a grimy mask over West Texas for the second day.

Streams rose in North and Central Texas. Crop damage was feared in the Paris area of North east Texas after rains measuring up to 6.30 inches.

More than a dozen persons were injured in the violence of last night.

**W. E. Thomas, 60, Resident of Guernsey, Dies**  
William E. Thomas, 60, ex-resident of Guernsey, died early today in a local hospital. He is survived by his wife, Mrs. Irma Thomas, two daughters, Mrs. C. E. Godwin of Arkadelphia, and Mrs. J. W. Carter of Abilene, Texas, a son, L. Lyndel Thomas of Ft. Hood, Texas, a brother, J. W. Thomas and one sister, Mrs. Bertha Hucklebee both of Hope, also four grandchildren.

Funeral services will be held at 3 p.m. Thursday at Water Creek Church with burial in Water Creek cemetery. Rev. W. C. Ormstead of Bismarck, Ark., will conduct the services. The American Legion will have charge of the graveside service.

**Prescott Ex-POW Telephones Home**  
LITTLE ROCK (AP) — A former POW from Prescott told his sister by telephone last night that "I'll be home in two or three weeks."

Pfc. Frederick N. Muldrow, son of a Negro janitor, said he was in good health. Muldrow made the phone call from Tokyo to his sister, Maturia Stephenson, of Hensley.

The soldier was a member of the 9th Regiment, 2nd Division, when he was captured by the Reds in December, 1950. He was the fourth and last Arkansasian to be released at Panmunjom before the freedom gate clanged shut.

**Changes in Ourselves Usually Are Discovered in Various Odd Moments of Surprise**  
By HAL BOYLE  
NEW YORK (AP) — The great landmarks of our lives are rarely announced by the blowing of bugles. We are made aware of change within ourselves by some odd moment of self-discovery, and are surprised to learn that we are not what once we were.

Thus, a woman awakens one fine morning, yawns, and thinks her day will begin as usual. Then she finds that no power on earth is any longer able to pour or pull her into a size 12 dress. Or, perhaps, she is idly plucking her eyebrows and sees shining in the mirror, a dangling thread of silver—her very first gray hair.

Her world has changed in an instant. It will never be the same again.

I had one of these shattering

moments of self-revelation the other day. I was sitting at my desk typing out notes for a speech on the love habits of the porcupine when a copy boy came up and said:

"We're getting up an office softball team. What position do you want to play?"

"I don't want to play any," I said, without thinking. The copy boy walked away fast, looking relieved. After all, he was trying to put together a winning team.

In just one single, spontaneous, thoughtless sentence I had terminated my career as an office athlete. And that dates a fellow as much as if he were a container of milk, with the day of the week stamped on him.

Lewis, Wash. After a four-hour wait they appealed to military officials for an extension of their leave time and requested military transportation to Washington. — NEA Telephoto

## First Group of Prisoners Arrive Home

HONOLULU (AP) — A big hospital plane carrying 35 excited American fighting men freed from Communist prison camps only a week ago left today on the last Pacific lap of a flight home.

The plane was airborne at 12:12 a. m. (5:12 a. m., EST). It is due at Travis Air Force Base, 30 miles northeast of San Francisco, about 1 p. m. Pacific Daylight Time (3 p. m., EST).

In contrast the gala welcome when the men arrived yesterday, their departure was virtually unnoticed.

Two reporters and a handful of

## Second Person Indicted in Dierks Case

FT. SMITH (AP) — A second person may have been charged in an investigation by a federal Grand jury of the \$200,000 shortage disclosed last summer at the Bank of Dierks.

The jury returned two true bills yesterday. One indicted Richard William Berndt on six counts of perjury, committed when he was tried in Federal Court at Texarkana last February on a charge of interstate transportation of a stolen car.

Details of the second indictment were not released, and jury of officials refused to say whether it concerned the Dierks bank shortage. However, U. S. Atty. R. S. Wilson said the Grand Jury considered only one other case during its 2-day session which ended yesterday.

He did not specify if the Berndt

## Prescott Ex-POW Telephones Home

LITTLE ROCK (AP) — A former POW from Prescott told his sister by telephone last night that "I'll be home in two or three weeks."

Pfc. Frederick N. Muldrow, son of a Negro janitor, said he was in good health. Muldrow made the phone call from Tokyo to his sister, Maturia Stephenson, of Hensley.

The soldier was a member of the 9th Regiment, 2nd Division, when he was captured by the Reds in December, 1950. He was the fourth and last Arkansasian to be released at Panmunjom before the freedom gate clanged shut.

**Heavy Damage in Two Wrecks Here**  
Two accidents were reported by Hope City police today, both resulting in heavy damage.

Early today a Plunkett Jarrell Grocery Company truck driven by E. P. Lively skidded into a telephone pole at Third and Hervey causing heavy damage. Lively told officers the brakes on the truck failed to hold.

Yesterday a Strickland Co transport had stopped at a street light and another vehicle driven by Russell P. Mitchell rammed the back end of the truck. Officers said Mitchell had no driver's license, no city nor state license.

**Bodcaw Community Group Fixes Rules**  
The executive officers of the Bodcaw rural community improvement club met recently to decide on rules and by-laws for the club and to appoint the following committees:

Boundary, survey, program, farm, home, and community. The rules were accepted by the organization at the last regular meeting. The meeting was well attended and everyone enjoyed a pot luck supper, according to Mrs. Elmer May, reporter.

**Moore Bros. Store Has Been Remodeled**  
Moore Bros. Grocery and Market located at 118 South Main has been completely remodeled, redecorated and rearranged. The checking department has been moved to the front of the store and the meat department has been extended at the back of the store. Customers and shelves have been rearranged to make shopping easier.

**Juniors and Seniors of Spring Hill** will take over Drake's Cafe Friday night for their annual get-together banquet. The affair is scheduled to start around 7 p.m.

Up at Henderson Don McQueen is in a two-man tug-of-war

## Red Negotiators Give Some Ground But Split Remains on 2 Points

### Filibuster Is Broken on Tidlands

By JACK BELL

WASHINGTON (AP) — Republican Senate Leader Taft of Ohio has won a victory for the Eisenhower legislative program by breaking what he called a filibuster against legislation for state ownership of oil-rich submerged lands.

Many Democrats supported the tactics Taft used to bring agreement on a final vote by 2 p. m. next Tuesday. The date was set yesterday, during the 20th day of debate, and almost immediately the Senate reverted to its normal paced course.

The agreement means that—barring unforeseen developments—the Senate will pass on the agreed day a bill to establish states' title to offshore submerged lands within their historic boundaries. A somewhat similar measure has passed the House.

Senator Monroney (D-Okla.) was scheduled to speak when the session convened today, discussing his amendment to limit state seaward boundaries to three miles and apply federal offshore oil revenues to the national debt.

The amendment would strike directly at Texas and Florida. The pending bill recognizes their claims to three leagues — 10½ miles—in the Gulf of Mexico.

An almost identical amendment by Sen. Douglas (D-Ill.) was defeated, 58-26, late yesterday. The principal difference was that Douglas would have dedicated federal revenues to educational purposes.

### Large Hope Group Attend State PEO Convention

Chapter AE of Hope, with Chapter B of DeQueen and C and I of Little Rock, served as hosts for the twelfth annual State Convention of the PEO Sisterhood which met in Little Rock April 24 and 25th.

Social activities included a reception at the Governors mansion Thursday evening at which time Mrs. Franklin Horton served punch in the state dining room, a banquet on Friday evening at the Hotel Marion honoring the husbands and guests of the members, and a style show luncheon on Saturday.

Members of the local chapter who attended were: Mrs. Franklin Horton, Mrs. Jim McKenzie, Mrs. Herbert Stephens, Mrs. A. C. Monts, Miss Betty Monts, Mrs. C. V. Nunn, Mrs. E. P. O'Neal, Mrs. F. C. Crow, Mrs. Ferrell Baker, Mrs. Walter Sims, Mrs. W. Y. Foster, Miss Mabel Eldridge, Mrs. Mack Stuart, Mrs. Henry Haynes, Mrs. H. O. Kyler, Mrs. L. B. Tooley and Mrs. Edwin Stewart.

On Friday evening, Franklin Horton, E. P. O'Neal, H. O. Kyler, Herbert Stephens and Dr. F. C. Crow, attended the banquet at which time Dr. Blanche Dow, president of Catty College, Nevada, Missouri, was the featured speaker.

The City Directory office is located at 1004 East Third St., anyone needing information can call L. W. Piercy, manager, and get the lowdown. The directory is expected to be completed in a few months and is the second within the past five years.

**All Around the Town**  
By The Star Staff

The University of Arkansas and concert scheduled here has been cancelled. It was announced as due to illness of the director.

However, only a day before the announcement a reported squabble between the tender and band members received statewide publicity. It seems some of the top horn tooters didn't believe they knew enough to give a concert and blamed the director.

Andrew Legans was in again. You know he likes to grow large and unusual vegetables. This time it was a cabbage 28 inches around and weighed about seven pounds. Andrew says his wife, Lucille, actually planted and tended the vegetable.

Willie F. Hogan whose wife lives on Hope Rd. 2, has been promoted to a PEO. Rev. Edward Charles and Rev. George E. Adams have been assigned to tent stations at Camp Robinson.

### Laneburg Juniors to Stage Play Tuesday, May 5

The Junior Class of Laneburg Central will present a play, "He Who Hesitates," a three-act comedy, Tuesday night, May 5.

The entire Junior class is in the play including Nell Ellis, Billy Fore, Shirley Jones, Vada Jean Gurley, Jimmie Hart, Joe Henry, Travis Dillard, Geneva McCormick, Mary Glanton, Ada Faye Teffeller and Rosalind Boyd.

Directors are Mr. and Mrs. Vance Beasley. Admission is 25 and 40 cents.

### Reds Continue Advance in Indochina

By LARRY ALLEN

HANOI, Indochina (AP) — The French announced today that Communist Vietnamese invaders of the kingdom of Laos have taken the post of Banmambac, 40 miles north of the Laotian royal seat of Luangprabang.

It was the second French reverse in the area announced in as many days. Yesterday the French reported the loss of Pakxeng, 42 miles northeast of Luangprabang.

Though the Vietnamese still had not launched a direct attack on Luangprabang, the Communist leaders appeared to be throwing more and more of their best fighting men into the Laos invasion.

Apparently they sought to over-run the little mountain kingdom before the heavy seasonal rains start in the next month or two.

Already they claimed control of one-third to one-half of Laos, which is one of Indochina's three states, and a neighbor of independent, anti-Communist Thailand.

Strong elements of at least four Vietnamese divisions were reported on Laotian soil.

### 3-D Film to Be Shown at Saenger

A new and thrilling experience is in store for moviegoers viewing the surprise-packed 3-dimensional featurette, "A Day in the Country," opening today at the Saenger Theatre.

This unique subject is one of the first to reach the screen in 3-dimensional form, the amazing innovation that adds depth to the motion picture medium. According to Eldon Coffman, City Manager for Hope Theatre, the new film is scheduled to open today.

**Macedonia Plans Homecoming**  
Annual Homecoming will be held at Macedonia Church in the old Wallaceburg community on Sunday May 3 with the Rev. Joe Hunter preaching at 11 a.m.

Lunch will be served during the noon hour and the afternoon will be devoted to singing. Everybody is invited.

**Must Protect Rights, VFW Members Told**  
The Rev. Johnstone Beech, national VFW Chaplain, told members of the local post and guests last night they must guard against the usurping of power by presidents and protect "our sacred constitution."

"American Tyranny" was what he called the so-called "inherent powers" of presidents. He also touched on vital issues, as exemplified such as the "lost state" of the Tidlands, confiscation of the steel mill by the president, and many more "gross infiltrations" that have taken place since the war.

He said the rights of individual liberties of U. S. Citizens, things granted them under the Constitution of the United States.

"It is dangerous like these things we must ever be alert for, and our Congressmen know how to feel."

Our forefathers were watchdogs of these priceless liberties and we as Americans are to protect these God given freedoms. We must be willing to fight all manner of tyranny be it against the State, Executive, Judicial or any other branch of our government. The Rev. Mr. Beech has been in this section the past two days visiting various Veterans of Foreign Wars posts.

### India Probable Choice for 'Neutral Nation'

By LEROY HANSEN

PANMUNJOM, Korea, (UP) — The Communists gave ground for the first time today in the resumed armistice negotiations. But Soviet Communist and United Nations troops remained completely split on two vital points regarding repatriation of war prisoners.

"We made some progress," said senior U.N. truce delegate Lt. Gen. William K. Harrison. Yesterday he had threatened to break off negotiations unless the Reds stopped stalling.

Communist Senior Delegate Gen. Nam Il said at today's 64-minute meeting that his side would be willing to nominate an Asiatic nation to take custody of 40,018 North Korean and Chinese Communists. Continued on Page Six

### Circus Tent Downed, Lion Roams Free

BENTON (AP) — A lion roamed for 30 minutes among some 2,000 spectators when wind tore down a circus tent during an antelope show last night.

Eight persons were injured by the falling tent, but none by the lion.

The most seriously hurt, Hugh S. Floyd of Benton, was taken to a Little Rock hospital with back injuries. Sheriff Pat Berry said the other seven persons suffered minor injuries.

The recalcitrant lion was kept in the cage until the tent was downed. The circus was taken to a Little Rock hospital with back injuries. Sheriff Pat Berry said the other seven persons suffered minor injuries.

Strong elements of at least four Vietnamese divisions were reported on Laotian soil.

As the canvas whipped to the ground, spectators flung purses, coats and hats and crawled over fallen bleachers and poles to escape the tent and the lion.

Sheriff Berry said the animal was lassoed "between 30 and 40 feet from the tent." Continued on Page Two

## 3-D Film to

Continued from Page One

takes fullest advantage of the latest cinema discovery, utilizing it for unprecedented effects calculated to keep the audience gasping.

Mr. Coffman said that, since the first of this year, over 20 different kinds of 3-D projection have been announced, and at the present, all are in the experimental stage. Some of these systems require the spectators to wear polarized glasses, while others which do not, are wide-screen versions of 3-D.

All of the major studios are busy preparing top movies, with the best stars, in different kinds of 3-D. Over 40 features are scheduled to be filmed in this new medium during the next 12 months.

The Saenger manager pointed out that "A Day In The Country" requires the use of polaroid glasses, which will be furnished patrons as they enter the theatre. He cautioned patrons not to touch the lens with their fingers, as they are easily ruined. The only additional charge for this attraction will be 5 cents for the glasses, and they are yours to keep.

Coffman said that local patrons would find "A Day In The Country" highly entertaining and that it would clearly demonstrate this new medium, that they have heard so much about. "During the next few months, we will be showing several different kinds of 3-D movies, and of course, when the public decides on the system they like best, the industry will standardize on it," he stated.

## Circus Tent

Continued from Page One

minutes" later and dragged to the truck without harming anyone. The bench's trainer 21 year old Arami Singh, held him at bay for about 20 minutes with a stick, a whip and a pistol loaded with blanks. The injured, bruised and cut by the falling bleachers and circus equipment, were taken to the Dr. John Ashby clinic.

One spectator and elephants were just leaving the arena when the tent collapsed under the strong wind and light hailstorm. Circus officials said last night

## NEW YORK COTTON

NEW YORK, N. Y. — Cotton futures turned irregular today. Nearby

May futures, after advancing sharply during the past week, declined today on liquidation which met only limited trade demand.

Late afternoon prices were \$1 a bale lower to 20 cents higher than the previous close, May 33.75, July 33.65 and Oct. 33.48.

## GRAIN AND PROVISIONS

CHICAGO, Ill. — A drop of more than 2 cents in the May wheat contract unsettled other deliveries of that grain and caused a nervous undertone in other pits on the Board of Trade today.

Weakness in May wheat was attributed to selling by traders who do not want to accept delivery of cash grain on these contracts. Friday is the first day cash grain may be delivered and some grain men believe substantial quantities will be tendered.

All rye contracts sank to new seasonal lows. Losses in other pits were mainly limited to fractions.

Wheat closed 1 3/4-2 1/4 lower, May \$2.17 1/2-3/4, corn unchanged to 1/4 lower, May \$1.56 1/4-3/4, oats 1/4-3/4 lower, May 74 3/4-74, rye 3 1/4-3 1/2 lower, May \$1.57 1/2, soybeans 1/2 lower to 1/4 higher, May \$3.06-3.05 and lard 13 to 30 cents a hundred pound lower, May \$10.62 \$10.60.

No cash wheat; con No. 2 yellow 1.58-59 1/4; No. 4 1.52 1/2; oats No. 1 heavy white 81.

Barley nominal; maiting 1.35 81; feed 1.25-45.

Most coal ashes are alkaline and highly corrosive.

## Second Person

case was the second investigation conducted by the jury.

Details of the charge will be revealed when a summons is served on the person named in the indictment.

Only one person has been charged formally in the shortage at the new defunct bank. Mrs. Opal Sirmington, assistant cashier at the bank for nearly 30 years, was charged with falsifying accounts.

She has said that "someone else got the money."

Estimates of the shortage were scaled down from the original \$285,000 figure to \$200,000 by Federal Deposit Insurance Corporation agents.

Four-fifth of British Guiana is forest.

## Gas Company Seeks to Sell Bonds

LITTLE ROCK, Ark. — The Arkansas Public Service Commission is considering a gas firm's application for permission to sell 35 million dollars in first mortgage bonds.

Officials of the Arkansas Louisiana Gas Company, outlining construction plans for 1953, told the Commission yesterday that the firm would spend \$2,275,000 this year to build a new compressor station at Taylor in Columbia County.

## Calendar

**Thursday, April 30**  
The "Spring Hat Show" sponsored by the Rose Garden Club will be held April 30 at 2:30 p.m. in the City Hall. The public is invited to attend.

Don't miss the Hat Show sponsored by the Rose Garden Club at the City Hall Thursday afternoon at 2:30. Models for the show are asked to be at the City Hall at 2 o'clock to draw for places and receive instructions.

The Jeff B. Graves Sunday School Class will have a party at the Methodist Church Thursday night with Mrs. Graydon Anthony, Mrs. Blair Shuford, and Mrs. Ruth Edmonds as hostesses.

**Thursday, April 30**  
There will be a social practice of the Hope Music Club at 4 o'clock at the Methodist Church on Thursday afternoon.

'47 Friendship Club will meet at the home of Mrs. Fred Hunt at 2:30 Thursday afternoon.

## Notice

The United Council of Church Women will collect blankets to be sent to Korea. The blankets will go through the mission committee and anyone wishing to contribute a blanket please call Mrs. Carl Smith or Mrs. Jewel Moore, Sr. Thanks in advance from the Council for your contribution.

**Friday, May 1**  
The program for "May Fellowship Day" will be held May 1 in the Methodist Church at 3 o'clock. "Citizenship — Our Christian Concern" will be the theme of this program.

Friday Music Club will meet Friday, May 1, at 7:30 p.m. at the home of Mrs. Basil York. Members of the Prescott Musical Coterie will provide the program.

Home Demonstration Club's cake social scheduled for Friday night, May 1, has been postponed a week.

Miss Clara Osborn, bride-elect of A-Je Billy Dean Thomas, was honored at a shower given Tuesday night in the home of Mrs. A. T. Oliver.

A pink and white motif was carried out in the decorations. Miss Osborn received a cascade of pink roses and many gifts. The serving table was covered with a white cutwork linen cloth and centered with an arrangement of pink and white roses. Crystal candelabras held pink tapers. Miss Billy Jo Rogers, Miss Barbara Bright and Miss Annette Oliver assisted in serving the 45 guests.

Co-hostesses were Mrs. Wylie Croom, Mrs. J. A. Collier, Mrs. Eugene Cox, Mrs. Dewey Baber.

**WATCH FOR**

Mrs. C. C. Cook, and Mrs. L. L. Spates.

**Chapter AE of PEO**  
Has Meeting Tuesday  
Miss Mabel Ethridge, Mrs. W. Y. Foster, and Mrs. W. W. Comp-ton were hostesses for the regular meeting of Chapter AE of PEO on Tuesday afternoon.

Arrangements of roses and corn-flowers were used in decorating the living room.

Mrs. Franklin Horton presided over the business session. Reports of the state convention of the PEO Sisterhood in Little Rock last week were made by Mrs. Horton, Miss Beryl Henry, Mrs. P. C. Crow, and Mrs. E. P. O'Neal. At the conclusion of the business meeting the members were invited into the dining room for refreshments.

Yellow roses in a cut glass container centered the table covered with a white embroidered linen cloth. Mrs. E. P. O'Neal and Miss Betty Monte served coffee, salad, and cookies to the sixteen members present.

**Green Thumb Garden**  
Club Sees Films  
The Green Thumb Junior Garden Club met Friday at Paisley School with Julia Peck, president, presiding.

Naomi Sinclair, vice-president, led the club pledge and Mary Virginia Bowden led the members in singing the theme song "Arkansas Traveler." Minutes were read by the secretary, Jo Carolyn Lewis.

The nominating committee will include Mrs. Teddy Jones, Peggy Hampton, and Joe Lingo.

Mrs. J. W. Perkins, leader, led the group in a discussion about birds observed since the last meeting, and gardens that have been planted. The group was instructed about the value of trees and two films on "Conservation of Our Forests" were shown.

**Workers Sunday**  
School Class Meets

The members of Workers Sunday School Class of Garrett Memorial Baptist Church met at the home of Mrs. Ernest Cobb Monday night with eleven members and three visitors present.

The meeting was opened with the singing of "I Want to Be a Worker" followed by prayer by Miss Gwendolyn Frith. Psalm 1 was read by the hostess.

After a short business session conducted by the president, Mrs. Gladys Roberts, Mrs. H. McDowell dismissed the meeting with prayer. Games were played and candy was served.

**Jo Beth Rettig Hostess**  
to Melody Maids  
The Melody Maids met on Saturday morning with Jo Beth Rettig, with the president, Sue Cook, presiding.

During the business meeting the following officers were selected:

## U. S. Behind Russia in Tanks

By ELTON C. FAY  
AP Military Reporter

WASHINGTON, (UP)—The United States will have on hand by the start of this summer about 13,000 medium tanks, still far short of the estimated 40,000 of all types generally credited to Russia.

But, an Army spokesman said today, there is no intention or desire to match Soviet armor, tank for tank, any more than there is attempt to match the huge Russian-satellite force man-for-man.

Several factors are involved in this planning. If a war should start tomorrow, the spokesman said, "current tool-up production lines could be accelerated to keep us supplied in quantity with superior tanks."

President, Linda Halbert; vice-president, Carolyn Lewallen; secretary, Ginnane Graves; treasurer, Loretta Muniz; reporter, Barbara Guthrie.

Sue Cook was leader for the program on Mount Zion. Toni Thompson and Mary Bowden sang "The Golden Rule," and "The Big Brown Bear" was sung by Carolyn Story, Carolyn Lewallen, Jo Beth Rettig, and Coe Ardith Harrie. Group singing was conducted by Mrs. B. C. Hyatt.

During the social hour ice cream and cake was served to the twenty members by the hostess assisted by her mother, Mrs. B. L. Rettig.

**WCS Circle 5**  
Meets Monday

WCS Circle 5 of the First Methodist Church met Monday, April 27, at 7:30 in the home of Mrs. David Waddle with Mrs. R. H. Linaker and Mrs. H. E. Patterson as co-hostesses.

An attractive arrangement of yellow rose buds was placed on the coffee table.

Mrs. Claud Tillery, circle chairman, welcomed two new members, Mrs. Jud Martindale and Miss Nell Coffee, into the circle and welcomed Mrs. Evelyn Brant as a visitor.

Mrs. Tillery conducted the business session after which Mrs. George Murphy, treasurer, reported that at the end of the visitation program the circle had funds to vote on four life memberships. These were voted on and will be awarded at the next meeting.

Mrs. LaGrone Williams, chairman of the nominating committee, submitted the following slate of officers which were voted on and accepted:

Chairman, Mrs. Claud Tillery; vice-chairman, Mrs. Sam Strong; secretary, Mrs. Clifton Ellis; treasurer, Mrs. Jerry Graves; local treasurer, Mrs. Edward Aslin.

Mrs. Williams was in charge of the program and led a panel discussion on "Our Work in the W.S.C.S." with a large number of the circle members participating.

Mrs. Sam Harrisfield gave the devotional.

At the conclusion of the program, the hostesses served individual cakes and coffee to 34 present.

**Kathleen Mallory**  
Circle Has Meeting  
Kathleen Mallory Circle of the First Baptist Church met Monday night at 7:30 in the home of Mrs. Jewel Moore, Jr.

A Mexican supper was served after which Mrs. Norma Jean Delaney led a program on the "People of Mexico."

A short business session was held. Mrs. Mary Nell Turner closed the meeting with prayer.

Eleven members and one guest were present.

## Coming and Going

Col. and Mrs. Al Robinson and daughter, spent a few days with his mother, Mrs. W. H. Robinson, and his grandmother prior to his leaving for an overseas assignment.

Mr. and Mrs. Johnny Byers and son, Paul Wayne of Dallas, spent the week end with his parents, Mr. and Mrs. J. J. Byers of Columbus Road.

**Eases**  
Sore  
Gums

Snug Denture Cushions are a triumph of science, a sensational new plastic re-lining that gets rid of the annoyance and irritation of loose, badly fitting false teeth. Snug pads sore, irritated gums due to loose fitting dentures. Applied in a few minutes, makes the wobbling plates stay firmly in place—gives perfect comfort. Eat corn-on-the-cob, steaks, apples—talk, laugh as you please—plates "stay put" firmly, safely, harmless to gums or dentures. Snug re-liners can last from 3 to 6 months. Stay soft and elastic—do not harden and ruin plate. Pads right out when replacement is needed. No pain, no loss of color, no irritation. Denture Cushions "hold" in place, support, or lower plates. \$1.00. Money back if not satisfied.

## Democrats to Woo Back Dixie

WASHINGTON, (UP)—Democratic leaders, who learned to their dismay last fall that Republican is no longer a swear word in the Deep South organized a drive today to woo Dixie voters back into the fold.

First move in the campaign to "resolidify" the South will be a missionary trip by Democratic National Chairman Stephen A. Mitchell this week. He plans to confer with party leaders from eight Southern states and make two major speeches—at Birmingham, Ala., and Nashville, N. C.

A followup move, still in the

tentative planning stage, is to hold a gigantic Southern rally to welcome Adlai E. Stevenson home from his current world tour.

In Paisley, Scotland, cloth is being produced from peanut shell fiber.

The Adamahby Irrigation tunnel under construction in Australia is 21 feet in diameter.

**WHAT IS 3-D?**

3-D, as it has become known to the trade, is regarded as the most important cinema discovery of three decades, because it adds depth to the motion picture medium. Many different kinds of 3-D projection have been announced since the first of this year, and each has its advantages and disadvantages. "A Day In The Country" is made with a process that requires the spectators to wear polarized glasses, and gives a true 3rd Dimension effect. It is highly entertaining and clearly demonstrates this new medium you have been hearing so much about. All of the major studios are now busy making top features in different kinds of 3-D, and you will be seeing these soon.

# Silver Bullet Offer Favored Generally

By C. YATES McDANIEL  
WASHINGTON, (AP) — The Air Force has fired its first "silver bullets" in an effort to get what kindred hasn't bagged in Korea—a live Communist pilot with a flyable MIG-15 or other modern Soviet warplane.

In offering rewards to Red pilots who land their planes on Allied airfields, the United Nations Command has come up with a jet-age version of an accepted tactic in the gaudy era of Chinese warlords.

The announced price scale for:

337. Tutweiler ave., Memphis, Tenn.
23. Pvt. Robert L. Dunn Jr., USMC; mother, Mrs. Quele Dunn, 1093 S. Eighth St., Muskogee, Okla.
29. Pvt. Jose M. Garcia; mother, Gabriela Garcia, 321 1/2 Wetten Blvd., Los Angeles.
30. Pte. Juan Rivera-Ortiz; wife, Dolores Ramos Boquebraudas, Guaymilla, P.R.
31. Pvt. Lester R. Todd; father, Wesley L. Todd, Alliance, Neb.
32. Hospital Corpsman Billie R. Penn, USMC; father, Roger E. Penn, 800 Canton St., McComb, Miss.
33. Pte. Benjamin F. McGhee; mother, Mrs. Constance McGhee, 1837 Adams St., Phoenix, Ariz.
34. A. 2C Robert L. Weinbrandt; next of kin, Fred Weinbrandt, Box 301, El Cajon, Calif.
35. Cpl. Vincent D'Andrea; parents, Mr. and Mrs. Dan D'Andrea, 48 Jesse St., Swampscott, Mass.

the first man and aircraft is \$100,000 and for each subsequent plane, \$50,000. Any reward will be paid out of an Air Force contingent fund.

Senators generally applauded the plan, although fear was expressed that the psychological warfare move might backfire.

Chairman Saltonstall (R-Mass.) of the Senate Armed Services Committee said in an interview he regarded the offer as a bold stroke.

"Any step, however unusual and unprecedented, that leads in the direction of a satisfactory solution of the war in Korea is worthwhile and should be tried," he said.

Sen. Morse (Ind-Rep.) said the offer furnishes "another example of taking the initiative in demonstrating to the people behind the Iron Curtain that the Western nations are seeking only peace and to bring the war in Korea to an end without bloodshed."

But Sen. Sparkman (D-Ala.), a member of the Senate Foreign Relations Committee, said he wondered if the psychological warfare move might backfire if no Communist pilot takes up the offer.

"What happens then? Do we lose face and is Communist morale boosted?" he asked. "I don't want to be in the position of criticizing, but I hope the high command has thought this through and weighed all the risks."

Sen. Kibbitt (D-Ark.) said he regards the \$100,000 price tag on the first delivered jet as "a good bargain just on a business basis." He added that "these jets cost more than that."

No one here knows how the Russians figure the cost of a MIG-15, but its nearest U.S. counterpart the F-86, runs to about \$220,000. And the cost of training an American pilot is nearly \$60,000.

Chester Jordan, graduate from Yeager High School in the class of '48, received his Bachelor of Science degree from Philander Smith College, Sunday, April 26, in a class of 45. He majored in Biology and served as captain of the football team and was also an All Star football player.

### New Hope

The New Hope HD club met at the home of Mrs. Lurenda Evans for the April meeting. The committee and leaders reported as follows: Daisy Leader, Mrs. Irene Blund, Chubbing Leader, Mrs. Mary G. Hegans, Mrs. Hegans gave tips on pattern and fabric selection, seams and finishes, color combinations, and sewing equipment. Mrs. F. S. Smith, HD Agent, gave demonstrations on making containers for flowers, salt and pepper shakers, and putting in side fasteners.

The club took part in the All Nations Pageant held in the Yeager High Auditorium, April 10. A box supper was planned by the club to be held Friday night, May 8, at the home of Mrs. Lurenda Evans. After the business session was adjourned, plate lunch and refreshments were served by Mrs. Evans and Miss Florine Evans to the 25 members and visitors present.

The Kings of Harmony will give a musical program at Mt. Zion CME church Sunday, May 3, sponsored by the Steward Board at 2 p.m.

There will be a weiner roast at the City Park Wednesday night, April 29, sponsored by the Happy Workers club.

The spring meeting of the Hempstead County Teachers Association will be held at the Guernsey High School, Wednesday night, April 29 at 8 p.m.

## Storm Hits

Continued from Page One

night's weather.

Tornado winds struck four times at San Antonio, nearly Helotes, Smithville in Central Texas, and Mansfield, south of Fort Worth. Mrs. Aizine Rittman, 73, was killed by a tornado that demolished her home on the edge of San Antonio.

By The Associated Press

Flood-conscious Camden cast a wary eye on the Ouachita River today as 2.15 inches of rain saturated the South Arkansas city.

Heavy rains and thunderstorms swept across Arkansas last night and early today. At least one death was attributed indirectly to the inclement weather.

In Little Rock, the U. S. Weather Bureau said that the Ouachita River began dropping this morning after it hit 20.0 feet at Camden. Flood stage at Camden is 26 feet. The bureau said the river would fall for three days, and then begin rising again.

There was no threat of floods in other sections of the state, said the Weather Bureau. The Ouachita has flooded the lowlands surrounding Camden seven times in the last 15 months.

Bright and early next morning a voice shouted outside our hotel window:

"Mrs. Boyle, can Boyle come out and play with us?"

Frances turned and looked at rounding Camden seven times in the last 15 months.

High winds accompanied the thunderstorms into Arkansas, but the minor damage was limited to stripping branches from trees.

Mrs. Julia Hendrix and Miss Mary Williams of Patmos were the Monday guests of Mr. and Mrs. Jim Parker.

Friends of Mrs. Ella Chenham will be glad to know her condition is reported satisfactory following a recent operation at St. Michael's Hospital, Texarkana.

Mrs. Verdia L. Joe spent a few days in Little Rock visiting her sister, Mrs. Gertrude Thomas, while there they motored to St. Louis.

Miss Grier Straughter and John H. Straughter of San Francisco, are visiting Mrs. Polly Straughter and Mrs. Fannie Alexander.

## Boyle

Continued from Page One

but in addition keep their other foot in youth by attending in of five schools.

Then breaking bones and aching muscles may cry, "Boyle, you are a young man!" But homes and families are protecting boys as best as a man's heart still sends him bravely putting up to field a ball. It is only when he is fully developed that he doesn't want to volunteer for the team at all, and as descendants upon him all at once, and in fact, that the one day when the wonderful football game was played, but no records in the game, although there was one over the batting average sixfold. Boyle's note: That was the year, 1944.

Loyalty to the office team can cost a man a lot, as any married man knows. Wayne don't care much about having the old man, but spinning his face on Sunday. One football game years ago cost me considerable peace at home.

My wife arrived in Paris on a Saturday night on her first trip abroad. Our Paris staff had an important football game scheduled for Sunday, and they were short one player.

Bright and early next morning a voice shouted outside our hotel window:

"Mrs. Boyle, can Boyle come out and play with us?"

Frances turned and looked at rounding Camden seven times in the last 15 months.

## India Probable

Continued from Page One

prisoners who refused to go back to Red ruled territory.

This is believed to have occurred one point at issue, for Nam is expected to name India and that country is believed acceptable to the U. N.

Nam said also he was willing to negotiate the length of time for which anti-Communist prisoners shall remain in neutral custody.

But then Nam said he would not name the anti-Communist prisoners until the U. N. agreed to send all anti-Communist prisoners there.

The U. N. must they must be kept in Korea.

Harrison again rejected the Communist demand that the prisoners be taken to the neutral nation some 15,000 Chinese who have rejected Communism.

Most observers predict that once the Communists and United Nations Command get together on a neutral nation to administer further screening of 50,000 Chinese and North Korean prisoners who have refused repatriation, the rest will be easy.

It will take time to work out the many details, but none should present a major stumbling block. The big issues still facing negotiators are:

1. Naming a neutral country.

2. Deciding whether prisoners who have renounced communism will be sent to the neutral country or turned over to the neutral custody in Korea.

So far the major choice in Asia has been India. Although United Nations spokesmen won't comment officially, it was thought India would be acceptable.

The main point here seemed to be: Would India take the job?

On the second issue, the United Nations was firm on its stand that the North Koreans who have refused repatriation should remain in South Korea.

"It's fantastic," a high U. N. Command source said, "to believe the Communists would insist on moving these North Koreans from Korea. They are Koreans. They have said they don't want to go back to North Korea, but they want to remain in South Korea and be assimilated by that country."

Rhee, at a news conference, said

## First Group

photographers saw them off. The men remained aboard Army ambulances and buses for more than an hour while agriculture inspectors gave their giant stratocruiser plane a last minute spraying.

An Air Force spokesman said all of the 35 large temporary orders assigning them to Travis. Soon after their arrival new orders will be cut sending men who are well enough directly to their homes. Those who need further hospital care will be sent to hospitals near their homes if possible.

Eight of the 35 are bitter patients. The C97 Stratocruiser which brought the men here from Tokyo landed at 1:13 p.m. yesterday. Some were taken to Tripler General Hospital for a checkup and rest.

An Army spokesman said the patients were in good shape but a little tired.

CHANGE OF TIME

WASHINGTON, 29 — The nation's capital will go on daylight saving time at 2 a.m. tomorrow, four days behind most other Eastern cities.

the same thing, then added: "Let's divide all of the prisoners held by the United Nations into two categories:

"1. We will agree to Red demands and send the 15,000 Chinese who have renounced communism to a neutral nation for further screening.

## CHALLENGE TO THE INDUSTRY

-the new GMC 400-27 that outpowers and outclasses its field

-and sells for less! Here's GMC's new 18,000 GVW hauler that opens up great new possibilities to many fields of trucking.

In capabilities, it not only dwarfs trucks of 16,000 and 17,000 GVW, but overshadows—and underprices—those rated at 19,000.

In fact, the GMC 400-27 is designed to outhaul any truck up to 19,500 GVW.

Its new engine of progressive design is stripped of excess weight, yet built stronger to absorb the stress of really high compression. It gives you brisker response, more power and mileage from regular gas.

It includes, as standard equipment, many features that are optional at extra cost on other trucks.

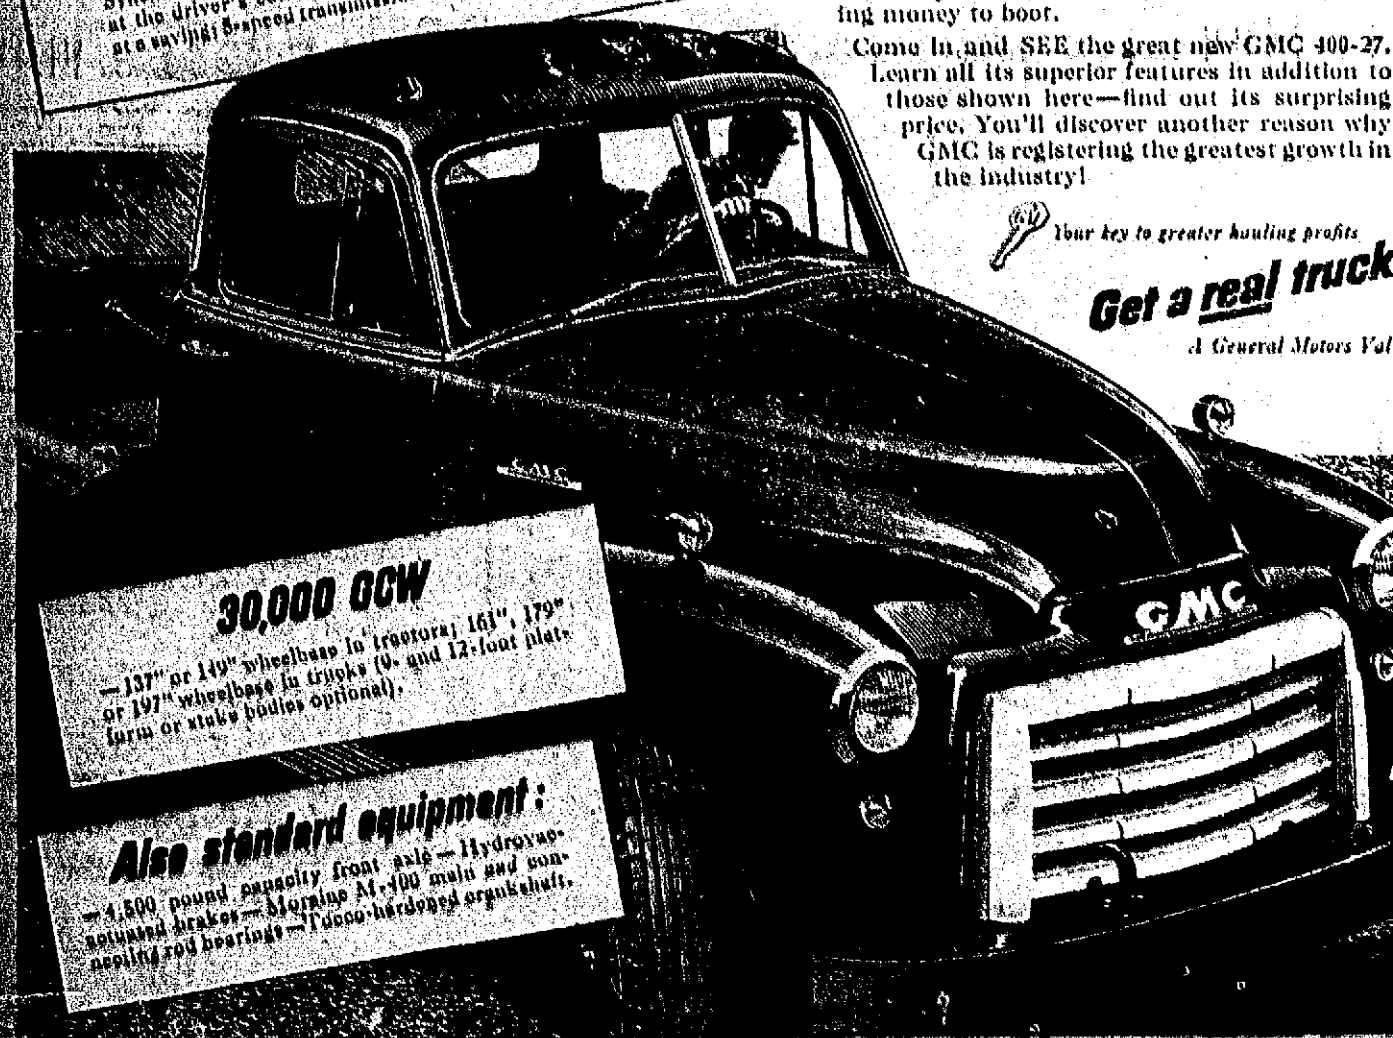

As a tractor—or as a truck—it can increase your hauling ability, give you impressively better equipment—and save you both purchase and operating money to boot.

Come in, and SEE the great new GMC 400-27. Learn all its superior features in addition to those shown here—find out its surprising price. You'll discover another reason why GMC is registering the greatest growth in the industry!

Your key to greater hauling profits  
**Get a real truck!**  
A General Motors Value

**130 gross horsepower**  
—on money-saving single carburetion. Valve-in-head engine, 270 cubic inch displacement, 7.6 to 1 compression ratio.

**2-speed electric shift rear axle**  
—15,000 pounds capacity. Is coupled with a 4-speed Synchromesh transmission, putting 8 forward speeds at the driver's command. (Single-speed axle available at a savings! 5-speed transmission optional at extra cost.)

**30,000 CCW**  
—137" or 140" wheelbase to tractor; 161", 179" or 197" wheelbase in trucks (6- and 12-foot plate frame or stake bodies optional).

**Also standard equipment:**  
—4,500 pound capacity front axle—Hydrovac-actuated brakes—Morgue M-400 main and cone-sealing rod bearings—1,000-horsepower crankshaft.

## by in ive' e Proposal

The Soviet gov-  
ernment has endorsed the  
proposal for a "Big Five"  
meeting in Washington on the  
Molotov Union, Communist China, message. Officials said privately

Britain and France.  
The latest Russian nudge for  
such a peace agreement — which  
the Soviet Union has urged re-  
peatedly at meetings of the United  
Nations Assembly — was voiced  
by Foreign Minister V. M. Molotov  
in a message sent yesterday to  
the meeting in Paris of the Soviet  
supported "Congress of the Peoples  
in Defense of Peace."

## Stationery for Congress Is Costly

WASHINGTON, 48 — House  
members drew \$128,684 in cash  
during the last six months of 1952  
from the \$481,899 fund they voted  
themselves for stationery and sim-  
ilar expenses.

The cash withdrawals, controlled  
by General Lindsay Warren, re-  
ported in an audit of the stationery  
fund, were made by 220 members  
of the 82nd Congress and averaged  
\$584 for each of these mem-  
bers. Warren's report, dated April  
24, was made available to The As-

sociated Press today.  
The report, covering the period  
from July 1, 1952, to last Jan. 3,  
didn't show what the members did  
with the cash they withdrew. They  
don't have to use it for stationery,  
and they don't have to account for it.

Several members listed as hav-  
ing made cash withdrawals said  
they had used the money for vari-  
ous office expenses.  
For example, Chairman Loe-  
wenson (Ill.) of the House Ad-  
ministration Committee said he be-  
lieved he had bought two type-  
writers for an office he maintains  
in his district. He noted that the  
only requirement imposed by the  
House is that the money be used  
for office expense.

Rep. Thomas (D-Tex.) in a sepa-  
rate interview, said he withdrew  
the stationery expense money as  
fast as it becomes available, and  
then pays his expenses by check.  
He said that method makes it eas-  
ier to keep track of office ex-  
penses.

Each year an appropriation is  
made for stationery, and it stays  
in the fund until used. Heavy with-  
drawals in cash came after the  
House voted an additional \$300,  
stationery allowance during the  
1952 session for each of its mem-  
bers on the ground there had  
been an "unanticipated increase in

## Human Brain Is Treated Electrically

By ALTON L. BLAKESLEE  
AP Science Reporter

NEW ORLEANS, 48 — Human  
brains are being wired inside to  
produce tiny shocks to banish ter-  
rible pain or to treat mental ill-  
ness.

Two to eight electric wires are  
planted as deep as three inches  
into the brain. Any pair of wires  
can be hooked to a machine to  
carry a slight electric current  
through chosen parts of the brain.  
The currents seem to dynamite  
hormones into action.

The wires have brought one bod-  
ily ailment to its knees. Previously it had voted  
\$100 per member for the year.  
As of Jan. 3, Warren reported,  
10 House members had overdrawn  
their stationery accounts by a to-  
tal of \$7,373, and former members  
owed \$2,497.

For the present 83rd Congress,  
each member started with a new  
stationery allowance of \$500. That  
amount could be increased later in  
the year.

ridden woman freedom from the  
never-ending pain of hopeless cancer.  
Dr. Robert C. Heath, professor of  
psychiatry and neurosurgery at Tulane  
University Medical School, said today.

She has not needed morphine for  
six weeks, is up and about, eager  
to see a movie.

Thirty mental patients have had  
the brain wiring in the last three  
years, but Dr. Heath declined to  
discuss these results now.

He described this significant new  
attack upon pain to science writers  
attending a tour sponsored by the  
American Cancer Society. He  
stressed that the work is still very  
preliminary.

The tiny currents apparently pro-  
foundly affect the chemistry of the  
human body, presumably affecting  
body glands and hormones.

The wires are implanted through  
two little holes made in the front,  
top part of the skull. A fluoroscope  
machine guides the surgeon in put-  
ting each wire at selected spots.  
The brain end of each wire has a  
tiny bulb or electrode.

The outside ends of the wires  
are soldered to sockets, which are  
incorporated into a big head band  
like a hair net.

There is no discomfort; the  
wires can be withdrawn anytime.  
Any pair of wires can be used  
either to record brain waves elec-

trically, or to send the currents  
from one electrode to another  
through part of the gray matter.

Dr. Heath showed a dramatic  
movie of pain relief won by the  
woman whose cancer had spread  
through her pelvis. Shots of mor-  
phine brought relief for only two  
hours.

But as soon as the current—two  
milliamperes or two 1,000ths of an  
ampere—was turned on, her pain  
was gone. She said she felt good  
enough to go to work. When the  
current was increased to four mil-  
liamperes, she felt dizzy. At slight-  
ly higher current her blood pres-  
sure rose.

The treatments kill her pain for  
a week or 10 days, then she has  
another electric stimulation. She  
has gained six pounds, eats well,  
now needs only aspirin occasion-  
ally to relieve sciatic pain.

The current is passed through  
her hypothalamus, a region of the  
brain which, by some evidence,  
may be the real master gland  
area of the body.

The treatments bring noticeable  
chemical changes, Dr. Heath said.  
The number of different kinds of  
white blood cells changes, and  
there is an increase in certain  
hormone products in the body. The  
hormonal changes are similar to a  
large dose of ACTH, the hormone  
produced by the pituitary gland in

## Reaction to \$100,000 Plane Offer

KIMPO AIR BASE, Korea (UPI)—  
The United Nations offer of  
\$100,000 for a Communist MIG15  
met a mixed reaction today from  
American pilots who tangle fre-  
quently with the Russian-built jets.

But the jet pilots agreed upon  
the necessity of careful plans for  
safeguarding a surrendering MIG  
pilot from U. N. Sabrejets, anti-  
aircraft fire and Communist MIG  
fighters.

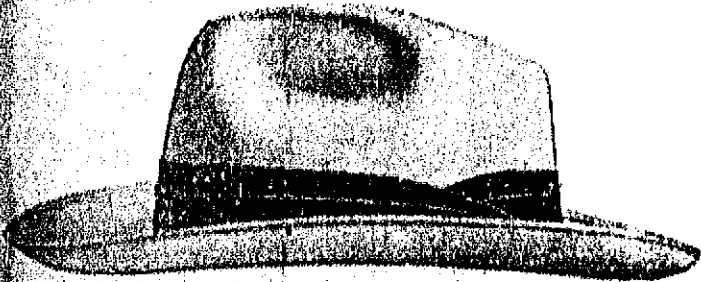

Gen. Mark W. Clark's guaran-  
tee of \$100,000 and political as-  
surance for the first enemy pilot to  
hand in a MIG at a U. N. airfield  
was the No. 1 subject at hangar  
bull sessions at Kimpo Air base.

The pilots, grounded today by  
overcast and the threat of rain,  
agreed Clark's offer was made in  
the hope it would deliver to the  
U. N. a combat-equipped MIG and  
pilot for study.

Exactly what happens is not yet  
clear, he said. The brain wiring  
was tried because hormone treat-  
ments often help relieve pain.
